

JICK MUNRO & THE AMAZING LASERBEAMS
TREAT ME NICE

I keep trying to please you,
all my goddamn life,
Even though you won't see,
Just how hard I strive

No matter what I bring you,
It never is enough,
And all I will ask for,
Please don't play it rough

Well I told you once,
And I told you twice,
I'll tell you a thousand times
My love, comes at a price
If you want me to stay...
Treat me nice

Every night at dinner,
You just rattle on,
Spending all my money,
Shopping all day long

All that I ask for,
Give me some respect,
No care and attention,
Need to be perfect

Well I told you once,
And I told you twice,
I'll tell you a thousand times
My love, comes at a price
If you want me to stay...
Treat me nice

I know you thought I'd stay,
Yours until I die,
Realizing you're wrong,
Now you start to cry

Seems your luck ran out girl,
Left you in a flash,
No need to come begging,
Some comfort or cash

Cause I told you once,
And I told you twice,
I'll told you a thousand times
My love, came at a price
All you had to do...
Treat me nice
